## **Introduction**

As required by federal law, CCCC Public Safety yearly crime statistics for this report are compiled on a calendar-year basis in accordance with the definitions of crimes provided by the FBI for use in the Uniform Crime Reporting (UCR) system. The report includes statistics for the previous three years concerning reported crimes that occurred on campus to the Cape Cod Community College's Department of Public Safety. In addition, these statistics also include persons referred for campus disciplinary action for categories required under the Clery Act, including liquor and drug law violations and illegal weapons possession. This report is designed to provide information on campus services, crime prevention, support services, reporting methods, trainings, and how our campus alert system RAVE makes notifications in an emergency that would impact the Cape Cod Community College members. The statistics in this publication are for 2023 in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and the Higher Education Opportunity Act.

The safety and well-being of our students, faculty, and staff is the priority for the Public Safety Department at 4C's. As a small college, we strive to provide all members of its community with a secure environment in which to learn, study, and work. I encourage you to read this report and consider how this information can assist you.

Sincerely,

Steve Connor

## **Addressing Safety Awareness Programs and Crime Prevention on Campus**

All community members should use the “See Something, Say Something” concept to help keep the college community safe.

The possession, carrying and use of weapons, ammunition, or explosives is prohibited on College owned or controlled property with the exception of on-duty Law Enforcement Officials employed by a Federal, State or Local Police agency.

CCCC Public Safety offers the following services in addition to crime prevention programs and its safety and security duties:

### Daily Crime Log

The Daily Crime Log contains all crimes reported to the Public Safety Department versus the Annual Security Report which includes only Clery Act crimes. The Daily Crime Log lists crimes using state crime definitions, whereas the Annual Security Report lists crimes using definitions required by the Clery Act under Federal regulation, which may differ from the state definitions. In compliance with the Clery Act, these logs are open to public inspection during regular business hours for the most recent sixty (60) day period.

### Vehicle Assistance

College Police can assist a motorist with a jump- start to vehicles that have a dead battery.

### Parking Lot Patrol and Personal Safety Escorts

Public Safety officers patrol the campus parking lots regularly during each shift. Officers will also escort students and employees to and from campus buildings and parking lots after dark. To request an escort, call (774) 330-4349 or ext. 4349 on main campus phones or see the desk officer at the Plymouth AMT campus.

### Lost and Found

For lost items found on the main campus, go the Public Safety office in the Grossman Commons Building, room CG-6. If you have lost property, call the Public Safety Department at (774) 330-4349 to see if it was turned in. All items received by Lost and Found are recorded in a log which includes the description of the item, where it was found, who turned in the item and the date and time it was turned in. If a lost item has identification on it, an officer will try to reach the owner by phone, e-mail or in person. Articles such as textbooks, reference books, workbooks, etc. are turned over to the Office of Student Life after thirty (30) days. Articles of clothing, notebooks, pens, etc. are held for ninety (90) days and then disposed. Items of monetary value, valuable jewelry and electronic equipment shall be retained for one year (365 days) and then disposed of. Currency is recorded and turned into the Comptroller's Office.

### Motor Vehicle Accident Reports

Public Safety will generate an incident report for any accident that occurs on college property for submission to the insurance company.

### Lighting and Safety Hazards

Conditions are promptly reported to facilities through a work order system.

### Distribution of Public Safety Contact Phone Number

CCCC officers may distribute novelties with the Department's emergency contact phone number.

### Active Shooter Training (C.R.A.S.E.)

Proactive training for active shooter situations.

Public Safety supports the College's BIT to assess threatening or dangerous behavior on campus.

## **Addressing Security and Access to Campus Facilities**

During business hours, the main campus will be open to students, parents, employees, contractors, guests, and invitees. During non-business hours, access to all College facilities is by key, if issued, by admittance via the Public Safety Department, or by the landlord in the case of satellite campuses. In the case of periods of closing, the College will admit only those with prior permission. Emergencies may necessitate changes or alterations to any posted schedules.

### Main Campus, West Barnstable

No unauthorized persons are allowed into campus buildings off-hours without prior permission or unless accompanied by an authorized person. College staff or students needing access to buildings during off-hours are required to make arrangements with Public Safety at (774) 330-4349. Some facilities, such as the Fitness Center, Tilden Arts Center and Library may have individual hours which may vary at different times of the year. In these cases, the facilities will be secured according to schedules developed by the department or administration responsible for the facility. Emergencies may necessitate changes or alterations to any posted schedules. CCCC Public Safety may require identification and verification prior to giving access to properties. All members of the campus community are advised to carry and wear their College ID card. The College issues identifiable electronic swipe cards (“keycards”) to staff and faculty.

### Hyannis Center

The Hyannis Center is opened by administrators with a reception desk monitoring and controlling access through a door release button upon verification. ### Campus Security/Key Program

Safety and security are a priority at CCCC. As such, CCCC maintains a key tracking system. Keys are tracked and issued by the Facilities Department.

## Policy on Limited Confidential Crime Reporting

A Campus Security Authority is an “official of an institution who has significant responsibility for student and campus activities. An official is defined as “any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.” While CCCC recommends and encourages crime reporting to Public Safety or local police, we also recognize that some may prefer to report to other individuals or College offices. Under the law, a Campus Security Authority (CSAs) is mandated to report Clery crimes brought to their attention for immediate action by the College and for inclusion in the Annual Security Report. However, CSAs can still keep the individual’s identity confidential when sharing the information with Public Safety. For certain crimes and offenses under VAWA or Title IX, all information must be reported to the college’s Title IX director for follow-up investigation.

Cape Cod Community College’s CSAs include the following, but is not limited to:

- Vice-President of Academic Affairs
- Vice-President of Finance and Operations
- Associate Vice President of Human Resources
- College Deans (all Departments)
- Student Conduct Administrator
- Title IX Coordinator
- Public Safety staff & contract officers
- Advisors of Student Clubs and Organizations

All CSAs should encourage any person who reports a crime or other incident involving campus security to notify Public Safety immediately. Any CSA who receives a report of an incident involving a crime or campus security matter must contact CCCC Public Safety immediately to report the incident consistent with confidentiality considerations.

### Pastoral & Professional Counselors

CCCC does not employ pastoral counselors. However professional counselors are located at the CCCC Counseling and Wellness Center/Bldg 10. Their official responsibilities include providing psychological counseling and, when they are functioning within the scope of his/her license or certification, are not required to disclose reports of crimes for inclusion into the annual security report. They are encouraged, if they deem it appropriate, to inform people being counseled of the procedures to report crimes on a voluntary basis for inclusion in the annual crime report. If, however, information received is deemed to indicate a potential safety risk to others in the College community, there may be an obligation to report those details necessary for the College to appropriately address the threat and make appropriate notifications. In such cases, the reporting person’s identity will be kept confidential to the extent permissible by law.

## **Policy Addressing Issuing Timely Warnings**

It is the College's policy to be transparent with the campus community about security matters. When Public Safety becomes aware of any crime that may pose a serious or ongoing threat to members of the community, a "Timely Warning" will be issued as soon as all pertinent facts are available. CCCC issues these warnings upon approval of Senior Leadership (President, Vice Presidents, and Director of Strategic Communications). Timely Warnings will generally be made for crimes such as; homicide, robbery, aggravated assault, burglary, sexual assaults, and hate crimes where there is a continued threat to the campus community. The college will send these warnings in a variety of ways, including but not limited to campus e-mails, fliers, social media, the CCCC website, and other media if necessary. The purpose of these Timely Warnings is to notify the campus of the incident and to provide information that may enable them to protect themselves from similar incidents. The College will issue Timely Warnings whenever the following criteria are met: (i) a Clery Act crime is committed; (ii) the perpetrator has not been apprehended; and (iii) there is a substantial risk to the physical safety of other members of the campus community because of this crime. Timely Warnings may often ask members of the community for their help in gathering information about an incident or in identifying those responsible.

## **Emergency Notification Response and Evacuation Procedures Statement**

Cape Cod Community College treats every potential emergency on a case-by-case basis. CCCC Senior Leadership (President, Vice Presidents or designee, or Director of Strategic Communications) determines how and when to notify the community of a pending emergency or need to evacuate a specific campus location based on several criteria including but not limited to:

- Proximity to the campus
- Immediacy of the threat
- Type of Emergency (i.e. Active Shooter; Hazmat spill, etc.)
- Confirmation of emergency by First Responding units (Campus Police, Security, etc.)

When any of these instances (or others) exist, CCCC will, immediately and without delay, determine the content of the notification and initiate the Rave notification system as detailed below, unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency.

If a serious incident occurs that causes an immediate threat to the Main campus, the first responders to the scene are usually Public Safety security officers followed by emergency responders. For other campus locations, call 911 to report the emergency. First responders to all other campus locations will be local emergency service providers.

Depending on the type of emergency and all other variables, members of the campus community are encouraged to make individual decisions about personal safety in choosing whether to evacuate using fire exits, or shelter in place.

An order to evacuate, seek shelter and/or other emergency notification(s) may be received via one or more of the following:

- Audible alarm signals
- Visible alarms
- Mass Notification System (RAVE)/SMS
- Campus email
- CCCC social media platforms

In the event of an evacuation, all faculty, students, and staff, and the public must immediately exit the building or effected area and follow the instructions of first responders. Weather related emergencies may advise the campus community to seek shelter indoors whereas an immediate active threat may require individuals to make individual decisions about personal safety.

All campuses and non-campus properties maintain an audible fire alarm system. The alarm signal is a unique emission from the horns placed throughout and flashes a white emergency light. Fire alarm pull boxes are in the halls throughout each building. Each space in the College and non-campus contains a sign labeled "FIRE EXIT" which identifies primary and secondary routes.

The College will conduct regularly scheduled drills, exercises, and appropriate follow-through activities designed for assessment and evaluation of emergency plans and capabilities. A test of the emergency notification system and announced or unannounced fire drills may occur on an annual basis.

When Senior Leadership decides to close the campus due to severe weather or other emergency conditions the College Strategic Communications and Marketing Department updates the College website, sends an alert via the RAVE system, and notifies local radio and TV stations to run closing announcements. The quickest and most reliable source of information is via text message.

Sign up for text messaging and emergency notifications at <https://www.getrave.com/login/capecod>.

If relying on public announcements via radio or television listen for the specific mention of the College since it may not close when county public schools close. If public schools close for inclement weather or emergencies, all College classes held at public school locations are canceled. When the College closes, all classes at off-campus sites are canceled.

## **Statement of Policy Addressing Alcohol and Other Drugs**

Cape Cod Community College prohibits the unlawful possession, distribution, and/or consumption of alcoholic products, as well as the possession, use and distribution of illegal/controlled drugs and paraphernalia. All community members are expected to fully comply with the College's policies and with state and federal laws. Any disciplinary action imposed by the College for violations of its drug or alcohol policies may be in addition to any penalty imposed by an off-campus authority. Both students and employees are subject to prosecution under applicable state and federal laws.

In accordance with Drug-Free Schools and Communities Act, Amendments of 1989 (P.L. 101-226 20 U.S.C. 1145g) college regulations and laws pertaining to alcoholic substances and the possession, use,

distribution and sale of certain drugs (including medical and recreational cannabis) shall be strictly and consistently enforced. Violations of the College's Student Code of Conduct or violation of Federal, State or local laws shall subject the violator to the College's disciplinary process and/or criminal prosecution.

Although Massachusetts law permits the use of medical marijuana and the possession, use, distribution and cultivation of marijuana in limited amounts, federal law prohibits the possession, use, distribution and/or cultivation of marijuana at educational institutions. Accordingly, the possession of marijuana/cannabis in any form, even for medical purposes, is prohibited on all Cape Cod Community College property or at college sponsored events and activities. Paraphernalia or accessories are also prohibited including but not limited to any device used for smoking, ingesting, inhaling, or otherwise introducing marijuana into the human body.

All members of Cape Cod Community College are responsible for understanding and adhering to this policy while on campus. The College follows the Massachusetts Community College System Student Code of Conduct, which can be found at: <http://www.capecod.edu/web/student-life/code-of-conduct>.

## **Policy Against Sexual Violence**

CCCC maintains a comprehensive Sexual Misconduct, Relationship Violence and Stalking Policy. CCCC is required to comply with Title IX of the Higher Education Amendments of 1972, 20 U.S. s.1681 et seq. ("Title IX") which prohibits discrimination on the basis of sex in education programs and activities.

CCCC is committed to providing an atmosphere for learning that is free of any conduct that could be considered harassing, abusive, disorderly, discriminatory or criminal. As such, CCCC prohibits sexual misconduct (including sexual harassment and sexual assault), domestic violence, dating violence, and stalking all of which violate Federal Civil Rights law, and may be subject to criminal prosecution. CCCC is committed to fostering a community that promotes prompt reporting of sexual misconduct, domestic violence, dating violence, or stalking in any form.

Sexual violence is defined under the Board of Higher Education/Massachusetts Community Colleges' Policy on Affirmative Action, Equal Opportunity & Diversity ("Policy on Affirmative Action") and includes rape, acquaintance rape and sexual assault. Sexual violence may also include "intimate partner violence" such as stalking, dating violence, or domestic violence. Sexual violence is prohibited under Title IX of the Educational Amendment Act of 1972, state law and the Policy on Affirmative Action.

CCCC is committed to timely and fair resolution of complaints. Creating a safe and respectful environment is the responsibility of all members of the College community; students, staff, faculty, and guests. This policy covers sexual misconduct, sexual assault, domestic violence, dating violence and stalking as defined by Title IX and the Clery Act (pursuant to the Reauthorization of the Violence Against Women Act (VAWA)).

#### Violence Against Women Act

CCCC prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking (as defined by the Clery Act) and reaffirms its commitment to maintaining a campus environment that emphasizes the dignity and worth of all members of the college community. Toward that end, CCCC issues this statement of policy to inform the campus community of our programs to address domestic violence, dating violence, sexual assault and stalking as well as the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking, which will be followed regardless of whether the incident occurs on or off campus when it is reported to a CCCC official.

## **Policy on Preventing and Responding to Sex Offenses**

Cape Cod Community College is committed to providing an atmosphere for learning that is free of any conduct that could be considered harassing, abusive or disorderly. In order to assure that the College meets its obligation to all members of the community, the procedures and programs set forth on the following pages have been established and align with The Policy on Affirmative Action (PAA).

Copies of the Policy on Affirmative Action (PAA) are available in the offices of the Vice Presidents, Deans, Department Chairs, Student Advising and Counseling Office, Library and the Affirmative Action and Public Safety Department offices. The PAA can be found on the Cape Cod Community College website.

Sexual assault is a criminal offense. Sexual assault in any form, including acquaintance rape, will not be tolerated.

Sexual assault, as defined in the Federal Bureau of Investigation Uniform Crime Reporting System

includes forcible and non-forcible offenses. A listing and definition of all forcible and non-forcible offenses for which an individual may be disciplined under this policy and procedures is contained in Appendix A, which is available for review at the Office of Health Services.

The Crime Awareness and Campus Security Act of 1990 Section 485(f)(1)(F) of 20 U.S.C. 1092(a), (1) (Public Law 101-542) requires that the Colleges collect information with respect to sexual assault on campus and, beginning in September 1993, to include such information in an annual security report. The Higher Education Amendments of 1992 (Public Law 102-325) provide further that as part of the annual security report the Colleges shall include, develop and distribute a statement of policy regarding the Colleges' sexual assault programs and the procedures to be followed once a sex offense has occurred.

When an allegation of sexual assault is made, the Colleges will encourage the alleged victim to pursue criminal prosecution under the Massachusetts criminal statutes. In addition, appropriate campus disciplinary action may be pursued. Sanctions for sexual assault violations may include, in addition to criminal charges, suspension, dismissal or expulsion from the College. All allegations of sexual assault will be handled confidentially and will be investigated. Both the accuser and the accused will have equal opportunity for hearing.

### Programs

In accordance with the 2021 Campus Sexual Assault Law, CCCC requires annual Title IX training and education for all students and new employees. Student training addresses: Definition of sex-based discrimination, harassment and assault, bystander interventions, and reporting and grievance procedures. Employee Training must address: The recipient's obligation to address sex discrimination in its education program or activity; The scope of conduct that constitutes sex discrimination under Title IX and this part, including the definition of sex-based harassment; and all applicable notification and information requirements under §§ 106.40(b)(2) and 106.44.

### SAFETY TIPS TO REDUCE RISK AND INCREASE SAFETY

While there is no surefire way to prevent a sexual assault or other violence, there are some things you can do to help reduce your risk of being assaulted. All CCCC students, staff and faculty should be aware of measures to take in preventing the risk of violence and creating a safer campus community. Here are some simple and useful strategies to keeping yourself and others safe:

#### Personal Safety Tips:

- Stay aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one else is around.
- Walk with purpose. Even if you do not know where you are going, act like you do.
- Trust your gut. If you get the feeling that a situation is unsafe or uncomfortable, it probably is not the best place to be.
- Make sure your cell phone is with you and charged and that you have money for a cab if necessary.
- Avoid being left alone with someone you do not trust or someone you do not know.

- Avoid wearing headphones so you can be more aware of your surroundings, especially if you are walking alone or after dark.
- If you choose to drink alcohol, do not accept drinks from people you do not know or trust and do not leave your drink unattended. If you choose to accept a drink from someone, be sure that you watch the drink being poured and carry it yourself, even if someone offers to hold it for you. If you have left your drink alone, even for a few minutes, get a new one.
- Remember that you have the right to say no to anything that makes you feel pressured, uncomfortable, or unsafe. Saying “I don’t want to” or “I don’t feel like it” is always a good enough reason.

#### How to respond if Someone Else is At Risk:

- Ask the person if they need help or offer to call someone for them or call CCCC’s Public Safety Department if on the main campus.
- Be direct and tell someone if they are talking or acting out of line. Ask them to leave the potential victim alone.
- Keep an eye out for friends and walk-in pairs or small groups if possible.
- If a friend or peer seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
- Do not assume that if no one else is speaking up, that everyone else is fine with what is happening. Often other people will back you up if you say something.

#### Relationship Violence

Someone involved in an abusive relationship (emotional abuse, physical abuse, etc.), may display some or all the following signs:

- Injuries in multiple stages of healing (often bruises of various colors)
- Fear of displeasing partner
- Spending less time with friends
- Withdrawal from activities that one typically enjoys
- Focusing all of one’s energy on their partner
- Inconsistent explanations about cause of injuries due to fear of letting others know the severity of the situation

#### Here are some signs of an abusive partner in a relationship:

- Explosive temper, mood swings
- Threats and intimidation
- Jealousy or possessiveness
- Blames victim for abuser’s behavior (“You’re making me act this way”)
- Verbal abuse: insulting or hurtful language, putting the victim down in front of others, making the victim think s/he is crazy, playing mind games
- Stalking behaviors such as following, watching from a distance, unwanted or excessive communication
- Invasion of privacy or obsessive tracking of the victim’s activities
- Isolating and controlling what the victim does, sees, and reads, limiting who the victim talks to
- Smashing things, abusing pets, destroying the victim's property, displaying weapons

### Be an Ally Against Sexual Violence and Harassment:

- Be willing to speak up in difficult situations.
- Talk about sexual assault, relationship violence, and stalking with friends or share information and resources through social media.
- Be conscious of your use of language and choose your words carefully. Cultural messages can support or discourage violence.
- Challenge societal messages about what it means to be male or female and be supportive when someone challenges gender stereotypes.
- Be aware of and avoid using sexist, homophobic, and other demeaning language.
- Do not joke about sexual assault. Comments and jokes that are meant to “loosen things up” or are “just kidding around” trivialize the severity of the behavior.

### **Procedures in the Event a Sexual Assault Occurs**

An effective response to a report or incident of sexual assault on campus necessarily involves several offices and individuals concerned with the physical and emotional security of students, employees, and visitors.

If someone is the victim of a sexual assault, the victim has several rights, including the right to report the incident to Public Safety or local authorities, such as Barnstable, Bridgewater or Plymouth Police. The College, through its Campus Security Authorities (CSAs) will also assist victims in notifying either Public Safety or the local police. There is also the ability to speak confidentially to a professional counselor. Filing a report with Public Safety, a CSA, or a police report does not mean the victim must pursue criminal charges. The victim maintains his or her rights throughout both the internal and external processes.

The possible sanctions for rape, acquaintance rape, or other sex offenses (forcible or non-forcible) are addressed by the Cape Cod Community College Student Code of Conduct

<https://www.capecod.edu/handbook/student-code-of-conduct/> and the College’s Sexual Harassment Policy– <https://www.capecod.edu/policies/sexualharassment-policy/>

Forcible sex offenses are defined as “any sexual act directed against another person, forcible and /or against that person’s will; or not forcibly or against the person’s will when the victim is incapable of giving consent.

Forcible offenses include:

1. Forcible Rape: the carnal knowledge of a person forcibly and against that person’s will; or not forcibly or against the person’s will where the victim is incapable of giving consent.
2. Forcible Sodomy: oral or anal sexual intercourse with another person, forcibly and/or against the person’s will; or not forcibly or against the person’s will where the victim is incapable of giving

consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.

3. Sexual Assault with an Object: to use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against the person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity.
4. Forcible Fondling: the touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity.

Non-forcible sex offenses are defined as "unlawful, non-forcible sexual intercourse." Non-forcible sex offenses include:

1. Incest: non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
2. Statutory Rape: non-forcible sexual intercourse with a person who is under the statutory age of consent.

Consent: In reference to sexual activity, consent occurs when individuals willingly, unambiguously, and knowingly agree to engage in sexual activity in a clear and affirmatively communicated way, understood by all the parties involved. Consent is active, not passive. Signals of consent must be part of a mutual and ongoing process, offered freely and knowingly. Consent can be given by words or actions if they create clear, mutually understandable permission regarding the conditions of sexual activity. Relying solely on non-verbal communication can lead to misunderstandings and harmful consequences for all of the parties involved because this form of communication may be unclear. Individuals should be able to clearly articulate why and how they knew they had received consent and what they considered indications of consent before they engaged in sexual behavior.

It is important to remember:

- Consent to one sexual act does not constitute or imply consent to another act
- Previous consent cannot imply consent to future sexual acts
- Consent is always required and cannot be assumed based on the parties' relationship status or sexual history together
- Consent can be withdrawn at any time before or during sexual activity by either party

### **Recommended Procedures for a Victim of Sexual Violence**

For a person subjected to an act of sexual violence, there can be time-sensitive decisions to make about sexually transmitted infections, pregnancy, and collecting physical evidence in the event of prosecution.

Therefore, victims of sexual violence are advised to:

Protect Yourself and Get Medical Attention – Find a safe place as soon as possible and seek medical attention immediately. Injuries and exposure to disease may not be immediately apparent. A medical examination can provide necessary treatment and collect important evidence. It is recommended that a physical exam be conducted within 72 hours of the incident. Submitting to a physical exam does not mean that a victim is required to press charges. This action merely preserves the option to do so.

Preserve Evidence - It is important to preserve all physical evidence following an act of sexual violence. If possible, a victim should not wash, eat, drink, douche, clean, use the bathroom, or change clothes. If clothes are changed, all clothes that were worn at the time of the incident should not be cleaned and should be placed into a clean paper bag.

### Reporting Complaints of Sexual Violence

If you are the survivor (victim) of a sexual assault, sexual misconduct, domestic violence, dating violence or stalking at this institution, your priority should be to get to a place of safety and to obtain necessary medical treatment.

A victim of sexual violence has the right to file (or not file) an Affirmative Action Discrimination Complaint Form with the College. The process for filing a complaint is outlined under the Policy on Affirmative Action's Complaint Procedure. For more information or for assistance with filing a complaint, please contact the College's Title IX Coordinator. Contact information is available on the website or can be found by calling Human Resources (774) 330-4307.

***<https://www.capecod.edu/media/capecodedu/content-assets/documents/policies/2024-Affirmative-Action-Equal-Opportunity-and-Diversity-Policy-Final.pdf>***

A victim may also choose to file a criminal complaint, in which case the Title IX Coordinator and/or Public Safety can assist the victim with that process.

Filing a police report regarding a sexual assault with a police officer will not obligate the survivor to prosecute. However, in the case of a report of domestic violence or dating violence or stalking (if such case also involves domestic violence or dating violence), and if the perpetrator is identified and probable cause exists, the police officer may be required to take legal action, including arrest/warrant application, considering first and foremost, the safety of the survivor.

The decision whether to prosecute does not negate the responsibility of the College to investigate and take disciplinary action if the suspect is associated with the College. The College may also have an obligation to issue a timely notice for the safety of others in the College community. The survivor's identity will be withheld to the extent permissible by law. Despite the survivor's desire not to prosecute, the College may also have an obligation to investigate to the extent possible in consideration of the details known and may have an obligation to take action against the perpetrator for the safety of the campus community. The College may also institute protective measures, such as a no-trespass order, restricted access to campus, adjusted class or work schedule, or a leave of absence during the investigative process and/or upon completion of the disciplinary process. A person found to have

committed an act of sexual violence shall be subject to disciplinary action, up to and including suspension, expulsion, or termination from the College.

### **Sexual Violence- Rights and Information**

The following information is provided to assist members of the College community with understanding the rights, protections and services available to victims of sexual violence.

Personal identifiable information about a victim will be treated as confidential and only shared with persons with a specific need to know and/or who are investigating and/or adjudicating the complaint, delivering resources or support services to the victim or as public safety requires. The College does not publish the names or other identifiable information of victims in the campus department's Daily Crime Log, in any Timely Warnings issued or online. In accordance with the Family Educational Rights and Privacy Act, a victim may request that no directory information maintained by the College be released absent his/her prior, written consent.

The complaint procedure will be conducted as confidentially as reasonably possible to protect the privacy rights of all individuals involved. The College may share information concerning the complaint with parties, advisors, witnesses and/or others during any phase of the procedure on a need-to-know basis and shall share information with union representatives as provided for in M.G.L. c.150E. All individuals with whom information is shared shall be advised of the confidential nature of the information and directed not to discuss the matter with anyone other than an advisor, if applicable.

### **Complainant Requests No Action and/or Confidentiality**

Where a Complainant requests that no action be taken by the College or requests that their identity not be revealed, the College shall take reasonable steps to investigate and respond to the complaint, but shall inform the Complainant that such a request may hamper its ability to fully investigate an alleged violation of this Policy and/or to take appropriate remedial steps, including disciplinary action. Where an allegation of Prohibited Conduct involves the potential of an ongoing threat to the health, safety or security of members of the College community or a potential adverse employment action, the Affirmative Action Officer, or in the case of an allegation of Sex-Based Harassment, the Title IX Coordinator, shall inform the Complainant that it cannot ensure confidentiality and disclosure of their name may likely be required.

Children (a person under the age of 18) may be students at the College, or may be engaged in activities sponsored by the College or by third-parties utilizing College facilities. In such instances, where an employee has reasonable cause to believe that a child is suffering physical or emotional injury, resulting from among other causes, sexual abuse, including Sex-Based Harassment, the employee and the College may be obligated to comply with the mandatory reporting requirements established at M.G.L. Chapter 119, Section 51A-E. In such cases, the employee is directed to immediately report the matter to the College's Affirmative Action and/or Title IX Coordinator, who, in consultation with other officials, shall contact the Commonwealth's Department of Children and Families and/or law enforcement. An employee may also contact local law enforcement authorities or the Department of Children and Families directly in cases of suspected abuse or neglect. State law also maintains mandatory reporting requirements for certain occupations where abuse or neglect is suspected of adults age 60 or older or children and adults with disabilities. For more information on these reporting

requirements please contact the College's Affirmative Action Officer or Title IX Coordinator.

The College prohibits retaliation against any person who presents a formal or informal complaint of sexual violence or who testifies or offers evidence connected with a complaint. Retaliation is a violation of the Policy on Affirmative Action and could result in disciplinary action, up to and including expulsion or termination from the College.

Protections for Victims of Sexual Violence – A victim of sexual violence shall:

- Be provided with a copy of the College's Sexual Violence – Victim's Rights and Information Policy (Policy on Affirmative Action or PAA)
- Have the right to, or not to seek assistance from campus administration or campus law enforcement;

- Be free from any suggestion that they somehow contributed to or had a shared responsibility in the violent act.
- Receive the same level of support at any proceeding before college officials as is permitted to the accused party, including the presence of a representative during any disciplinary proceeding and the right to be notified in a timely manner of the outcome of such proceedings and any appeal right available
- Receive full and prompt cooperation from college personnel in obtaining and securing evidence (including medical evidence) necessary for any potential criminal proceedings.
- Have access to existing College counseling and medical professionals, victim support services, and to obtain referrals to off-campus counseling and support services if desired.

- Be permitted to request changes to an academic schedule if such changes are requested by the alleged victim and are reasonably available; and
- Be informed of any no-contact or no-trespass orders issued to the accused by the College and the College's commitment to honor any court-issued restraining or protective orders, to the extent permitted by law.

Health and Support Services - Various health and support services are available on and off campus for victims of sexual violence. For information about such services, including counseling, please contact the Affirmative Action and/or Title IX Coordinator and/or Counseling and Wellness Center.

## **Disciplinary Sanctions and Procedures**

College disciplinary sanctions are detailed in the Student Handbook and College Catalog and are published annually online. Possible sanctions include verbal or written warnings, restrictions/loss of privileges, community educational service, restitution, probation, suspension and/ or expulsion or any combination of the above. The Handbook provides, in part, that the accuser and the accused have the same right and opportunity to have others present (in support and advisory roles) during a campus

disciplinary hearing. Notification of results to both the accuser and the accused will be made in the same manner and, in the same time frame. In the case that an alleged survivor (victim) dies as a result of a crime, the alleged victim's next of kin will be notified of the results of any disciplinary proceedings. A student found guilty of violating the College Sexual Misconduct, Relationship Violence and Stalking Policy, could be criminally prosecuted in the courts of the Commonwealth of Massachusetts. Student survivors (victims) have the option to change their academic schedules after an alleged sexual assault, if such changes are reasonably available. [capecod.edu/complaints](https://capecod.edu/complaints)

As a public institution, the College must provide due process to students and employees accused of sexual misconduct, domestic violence, dating violence and stalking while also ensuring the complainants protection under Title IX. The disciplinary hearing shall take place as soon as possible after the filing of the initial report, taking into consideration the need to conduct a timely investigation. Proceedings will provide a prompt, fair and impartial investigation and resolution.

The campus student disciplinary procedures are clearly defined in the Cape Cod Community College Policy on Affirmative Action published annually online and emailed to students and staff. Sexual offenses and sexual assault are addressed specifically in the policy consistent with the Sexual Misconduct, Relationship Violence and Stalking Policy described herein, and addresses alleged offenses regardless of where the offense occurred. A survivor cannot be required to sign a nondisclosure agreement or to otherwise agree to a prohibition from discussing the case.

- The accuser and the accused have the same right and opportunity to have others present (in support and advisory roles) during a campus disciplinary hearing;
- Notification of the final results to both the accuser and the accused will be made in writing in the same manner and in the same time frame. This notification does not constitute a violation of the Family Educational Rights and Privacy Act (FERPA). The outcome of a disciplinary proceeding means only the College's determination with respect to the alleged offense and any sanction that is imposed against the accused.
- In the case that an alleged survivor/accuser dies as a result of a crime, the alleged accuser's next of kin will be notified of the results of any disciplinary proceedings.

A student found responsible for violating the College Sexual Misconduct, Relationship Violence and Stalking Policy, could be criminally prosecuted in the courts of the Commonwealth of Massachusetts. Internal sanctions could include suspension, probation, expulsion, dismissal and other options that look to mitigate the situation and return the victim to pre-offending conditions. Survivors (victims) have the option to change their academic schedules, work schedules (if applicable) and transportation options (if applicable) after an alleged sexual assault or sexual misconduct violation, if such changes are reasonably available.

The college reserves the right to suspend a student on an interim basis when it reasonably concludes that a student; (a) poses a threat to health or safety; (b) poses a threat to college property or equipment; (c) is disruptive or interferes with the normal operations of the college; or (d) is charged with a serious violation of state or federal law. In such cases, the College shall provide the student of the specific reason(s) for the interim action. During a student's interim suspension, the college reserves the right to prohibit the student from entering upon the college's property or participating in any college activities absent written authorization from an appropriate

official at the college.

## **Sex Offender Registration Policy Statement**

The Campus Sex Crimes Prevention Act (CSCPA) (Section 1601 of Public Law 106-386) is a federal law enacted on October 28, 2000 that provides for tracking of convicted, registered sex offenders enrolled at, or employed (including volunteers) at, institutions of higher education. The Act amends the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act to require institutions of higher education to issue a statement, in addition to other disclosures required under that Act, advising the campus community information provided by a State concerning how registered sex offenders may be obtained. The CSCPA also amends the Family Educational Rights and Privacy Act (FERPA) to clarify that nothing in the Act can prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders.

### **How to Inquire**

Information concerning level 2 and level 3 offenders is available as follows:

- Contact the Commonwealth of Massachusetts Sex Offender Registry Board (S.O.R.B.), via mail at P.O. Box 4547, Salem, MA 01970, or via phone at
- (978)740-6400 or (800) 93 (MEGAN) (Massachusetts only).
- Contact the local police department in the city or town where the sex offender currently resides, if known, or where the sex offender attends school.
- On-line on the S.O.R.B. website at [www.mass.gov/sorb](http://www.mass.gov/sorb) (Level 3 information).
- Contact the CCC College Police and Public Safety Department, 2240 Iyannough Road, West Barnstable, MA or by phone (774) 330-4349 or ext. 4349 at any college phone.

Registered sex offenders are required to notify the College of their status by contacting the Vice President of Student Services/Affairs and Enrollment Management. Each case is reviewed individually to ensure compliance with the state and local registration laws/ procedures. Level 2 and Level 3 offender information is available upon written request through the Public Safety Department. Level 1 information is maintained on file and is available to law enforcement personnel only.

Additionally, the Vice President of Student Services/Affairs and Enrollment Management conducts Criminal Offender Records Information (CORI) checks on all students prior to placement in an internship, practicum, clinical experience or other activity where they may interact with vulnerable populations. CORI information that indicates that a student is a registered sex offender is shared with the Public Safety Department.

Information contained in the Sex Offender Registry shall not be used to commit a crime against an offender or to engage in illegal discrimination or harassment of an offender. Any person who improperly uses Sex Offender Registry information shall be punished by a fine of not more than \$5,000 or by imprisonment in a jail or house of correction for not more than one (1) year, or by both such fine and imprisonment.

## Clery Reportable Crime Statistics

All reported crimes must be recorded. (i) An institution must include in its crime statistics all crimes reported to a campus security authority for purposes of Clery Act reporting. Clery Act reporting does not require initiating an investigation or disclosing identifying information about the victim, as defined in Section 40002(a)(20) of the Violence Against Women Act of 1994 [42 U.S.C. 13925(a)(20)]. \*\*\* This is a non-residential campus.

## Violence Against Women Reauthorization Act and Campus SaVe Act

On March 7, 2013, President Obama signed into law the Violence against Women Reauthorization Act (VAWA) which imposed new requirements on colleges and universities under its Campus Sexual Violence Elimination Act (SaVE). The requirements act to add to, refine, clarify and amend the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and act to reinforce Title IX. The Campus SaVE Act adds offenses involving domestic violence, dating violence and stalking to the crimes that institutions must report in the Annual Safety & Security Report. The Campus SaVE Act also expands the categories of reportable “hate crimes” to include those based on bias against gender identity or national origin consistent with Federal statutes. The Campus SaVE Act amended the definition of sexual offenses and the category of reportable “sex offenses” to include rape, sodomy, sexual assault with an object, fondling, incest and statutory rape consistent with the uniform crime reporting system of the Federal Bureau of Investigations. The Annual Safety & Security Report must also include descriptions of the institution’s internal procedures to resolve issues of domestic violence, dating violence, or stalking, resources on-and-off-campus, as well as descriptions of its educational and preventative programs.

### Specific Information about Classifying Crime Statistics

The preceding statistics are published in accordance with the standards and guidelines used by the Federal Bureau of Investigation Uniform Crime Reporting Handbook and the federal law, the Clery Act. The number of victims involved in a particular incident is indicated for the following crime classifications: Murder/ Non-Negligent Manslaughter, Negligent Manslaughter, Forcible and Non- Forcible Sex Offenses, Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart.

The number of incidents involving a particular offense is indicated for the following crime categories (includes one offense per distinct operation): Robbery, Burglary, Larceny, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. In cases of motor vehicle theft, each vehicle stolen is counted. In cases involving Liquor Law, Drug Law, and Illegal Weapons violations, each person who was arrested is indicated in the arrest statistics. If an arrest includes offenses for multiple liquor or drug law violations, it is only counted as a Drug Law Violation as that is the more egregious offense.

The statistics captured under the “Referred for Disciplinary Action” section for Liquor Law, Drug Law, and Illegal Weapons violations indicate the number of people who are referred to the Office of Student Conduct and found responsible for violating those specific laws. Being found responsible includes a

referral that resulted in disciplinary action being initiated by the Office of Student Conduct and a record of the action being kept on file.

CCCC Public Safety Hate Crime statistics are separated by their category of prejudice. Statistics for Hate Crimes are counted in each specific Clery re-reportable crime category and therefore, are part of the overall statistics reported for each year. The only exception to this is the addition of a bias motivated simple assault resulting in bodily injury; the law requires that this statistic be reported as a hate crime even though there is no requirement to report the crime in any other area of the compliance document.

#### Specific Information about the Crime Statistics Reported by CCCC College Police

Unless otherwise indicated, all statistics are from incidents that were reported to CCCC College Police. "Reported to Other Campus Agencies" includes crime statistics from incidents reported by other college authorities (e.g. CSA's).

### **Clery Reportable Offense Definitions**

Aggravated Assault: an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied using a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed. Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling, house, public building, motor vehicle or aircraft, personal property, etc.

Burglary: The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes: unlawful entry with intent to commit a larceny or a felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned-including joy riding).
